Furniture Program Overview

12 00 00

The Columbia University | Steelcase furniture program has been designed to meet a myriad of work and learning styles.

Our program has been tailored to the specific Steelcase families of furniture that meet the needs of the Columbia University community.

- An unmatched offering that addresses ancillary needs with furniture, lighting, and accessories, leveraging Steelcase and key partners.
- Contract grade solutions with the strongest warranty in the industry
- Aggregated spend with volume discounting
- Reduced complexity in order management and delivery through Steelcase dealers
- Reliable lead times and quick-ship portfolio
- Sustainable design and construction

The sections in this division depict the furniture that has been preselected to meet the Columbia University community's needs for:

- Private & Shared Offices
- Conference Rooms
- Workstations
- Classrooms
- Collaborative Work & Lounge Areas
- Accessories & Storage
- All Seating Types

Core Principles

Design

“People want to feel a connection to the places where they work, where they can see themselves in the spaces, versus something that feels imposed upon them”

James Ludwig, Vice President, Global Design – Steelcase

Materiality

“Most of us think about materiality as decoration or superficial. But, it’s always more than that.” Bruce Smith

Performance

Choice

Ergonomics

Comfort

Access to Power

Space for Focus and Rejuvenation

Spaces for Social Connection

Sustainability

The Steelcase commitment to the environment: We believe the only way to provide the best office furniture solutions is to ensure they are the best products for the environment. That’s why every step of the way – through design, manufacturing, delivery and product lifecycle – we consider the impact of our work on people and on the environment and uncover opportunities to make things better.

Safety

Columbia University voluntarily complies with the requirements of CAL 133 for upholstered furniture (firecode) in unsprinklered spaces.

Fire Code Seating Upholstery Matrix

Fire Code Seating
Upholstery Matrix

The following matrix lists each seating line and denotes fabrics that are available, available with exceptions, and not available. For further detail regarding exceptions, see the specific chapter within the *Seating Specification Guide* or the *Surface Materials Reference Manual*.

Seating Upholstery: Availability of Fire Code Treatment
